I thought I had sent our first 48 hour notice, but realized today that I needed to transmit the form. So, I just did it today for FEC-236935, which is now late. I needed to get it in on 9/2/2006 to meet the 48 hour notice for these two contributions. Please take note that this was definitely a clerical error, and now I know you need to transmit it for it to get to the FEC.
